

THE TECHNOLOGY YOU NEED
FOR THE VOLUME YOU USE.

ARCHITECT *ci4100*

- Seamless integration
- Accurate results fast
- Easy to operate

Refer to the Operations Manual for operational precautions, limitations and hazards. Manuals can be found on www.abbottdiagnostics.com.

Put science on your side.

Refer to the Operations Manual for operational precautions, limitations and hazards. Manuals can be found on www.abbottdiagnostics.com.

INTEGRATED SYSTEMS. ELEVATED PRODUCTIVITY.

**ARCHITECT Universal
Sample Carrier**

Enhanced System and Assay Dynamics

- **CHEMIFLEX technology** with flexible assay protocols provides excellent low-end sensitivity and expanded dynamic ranges.
- **FlexRate** extends the linear ranges of enzyme assays for better first-time results, fewer reruns.
- **Integrated Chip Technology (ICT) module** for electrolytes is small, long-lasting and easy to maintain (60,000 determinations).
- **Maximum throughput** of up to 800 chemistry tests per hour and 100 immunoassay tests per hour.
- **Pressure differential technology** enables detection of clots, bubbles and insufficient sample volume to reduce analytical error.

Integration Without Compromise

- **Seamless integration** of clinical chemistry and immunoassay on a single platform.
- **Up to 180 samples** with up to 35 priority positions.
- **Robotic Sample Handler (RSH)** allows the lab to prioritize tests.
- **Large onboard reagent capacity** of approximately 55 chemistry kits and 25 immunoassay kits.
- **SmartWash technology** effectively controls sample-to-sample carryover (<0.1 ppm tube to tube).

True Family Commonality

- **Identical technology**, reagents and assay protocols.
- **Identical software** that is intuitive to operate.
- **Universal ARCHITECT sample carrier.**
- **Equivalent patient results** across all ARCHITECT chemistry and immunoassay instruments.
- **Simple**, consistent user experience.

ARCHITECT

ci4100

ARCHITECT c4000 can be integrated with ARCHITECT i1000SR to consolidate clinical chemistry and immunoassay on a single platform.
